## **Marriage Can Be Murder Announces New Residency at The Orleans Hotel & Casino**

**LAS VEGAS** - *Marriage Can Be Murder*, Las Vegas' most beloved theatrical experience, announces its new residency at The Orleans Hotel & Casino inside the newly renovated "The Venue" theatrical performance space. "The Venue" is perfectly suited for a dinner-show and will include multiple stages around the space to keep guests totally immersed throughout the evening.

*Marriage Can Be Murder* opens its doors on February 11, 2022, with the Lieutenant who keeps the show moving with his outlandish audience interrogations and the hostess who delivers perfectly timed comedy. This multi-award-winning show offers guests a traditional murder-mystery dinner show experience with exceptional acting and food service that is indicative of a long-running Las Vegas show.

Celebrating 22 years as a Las Vegas entertainment staple, *Marriage Can Be Murder* is an interactive comedy-murder mystery show that includes a three-course dinner served alongside the continuous performance of actors who are hidden among the audience. The show begins as you enter "The Venue" where the audience can enjoy a full bar with specialty cocktails like "Murder Margarita" and the "Booster Shot". A choice of entrees with a selection of chicken or beef along with a fresh mixed greens salad, two sides, and dessert. There will be fresh sourdough bread where the dough is sourced from a local Italian artisanal restaurant, Monzu Italian Oven + Bar, and baked onsite.

The plot, theme and actors change every three months keeping the show fresh and returning guests continuing to quest to figure out "who-dun-it."

"The menu and kitchen oversight is done by my team and myself," said the co-creator of *Marriage Can Be Murder* and Le Cordon Bleu trained chef, Eric Post. "We are excited to deliver a carefully cultivated menu of fresh ingredients perfectly timed to the show performance and theme."

The iconic dinner-show experience has been without a permanent home since Covid sidelined much of Las Vegas' entertainment. "Ivory Star Productions is excited to welcome back guests in *Marriage Can Be Murder's* new permanent showroom. 'The Venue' will be an incredible home to this iconic show and The Orleans Hotel Casino the perfect host hotel," said John Bentham CEO of Ivory Star Productions, the production and communications partner of *Marriage Can Be Murder*.

Presented by Ivory Star Productions, *Marriage Can Be Murder* performs Thursday through Sunday starting February 11, 2022. The lobby and bar area open at 6 pm where guests can gather to enjoy a cocktail before the show. Doors open at 6:30 p.m. for seating and the start of salad service. The show starts promptly at 7:00 p.m. and lasts for two hours with two opportunities for mingling moments and bathroom breaks.
